**POLICIES:** All campers must include their non-refundable deposit with their registration. \*It is recommended that the camper assume some financial responsibility, no matter how small.

It is expected that the Responsible Person listed above will be in close contact with the participant in order that essential questions like what to take and transportation to camp are met. Some previously sponsored participants failed to arrive at camp. It was later learned that this, in some cases, was due to the fact the sponsored participant had no transportation. It is of paramount importance that someone from the sponsoring organization maintains close contact with each sponsored participant in order that such needs be identified and given a response.

Requests will be processed in the order they are received until the fund is depleted. The completed Campership Request Form must accompany the registration form. If campership money is not available, it is the parent/guardians responsibility to see that all camp fees are paid two weeks before the start of camp.
